COOKIE STATEMENT

1. How we use cookies

We make use of cookies at www.nevi.nl. A cookie is a small, simple file that is sent with pages from this website and/or Flash applications, and is stored on the hard drive of your computer, mobile telephone, smartwatch or tablet. The stored information can be sent back to our servers on your next visit. The use of cookies is very important for the proper functioning of our website. The cookies whose effect you don't see directly are also very important. Thanks to the anonymous input from visitors, we can improve our website and make it more user friendly. We do not publish your data.

2. Consent for the use of cookies

Your consent is required for the use of certain cookies. We facilitate this by using what is known as a cookie banner.

3. The types of cookies we use and their purposes

We use the following types of cookies:

- Functional cookies: these help our website function better and make it more user-friendly for our visitors. They help us to recognise your computer (or smartphone, tablet, etc.). Without these cookies, certain components on the website cannot be used effectively. We use cookies to recognise specific preferences or settings that provide the optimal experience for you.

- Anonymised analytical cookies: these ensure that an anonymous cookie is generated each time you visit a website. They know whether or not you've previously visited the site. A cookie is only created on your first visit; on subsequent visits, the existing cookie is used. This cookie is only used for statistical purposes and enables the gathering of the following data:

    - the number of unique visitors
    - how frequently users visit the site
    - which pages users look at
    - how long users view a particular page
    - the page from which visitors leave the site

- Analytical cookies: these ensure that a cookie is generated each time you visit a website. They know whether or not you've previously visited the site. A cookie is only created on your first visit; on subsequent visits, the existing cookie is used. This cookie is only used for statistical purposes and enables the gathering of the following data:

    - which pages you have viewed

- how long you stayed on a particular page
- the page from which you left the site

- Social media-related cookies: social media such as Facebook and LinkedIn use these to register which articles and pages you share by using their social media buttons. They can also contain tracking cookies that follow your surfing behaviour on the web.

  There are buttons on www.nevi.nl that you can use to promote web pages (by 'liking' them) or to share them (by 'tweeting' them), on Facebook and LinkedIn, for example. These buttons work with pieces of code that come from the social media app. Cookies are placed with this code. We have no influence on this. If you would like to know more about the privacy policies of Facebook, Twitter, Google+ and LinkedIn, please visit their respective websites. For example, you can read the privacy statements on the Facebook, Twitter or Google+ websites to find out what happens with your personal data. We make use of third-party content on www.nevi.nl. This content comes from another source (hosting) and is placed on our website by means of a code. Examples include YouTube videos. These codes make use of cookies to ensure that the content is presented correctly. You can find out what these partners do with the cookies and the personal data by visiting their website.

- Site improvement cookies: we use these to test various versions of a web page to find out which one is visited the most.

4. Your rights with respect to your data

You have the right to access, rectify, limit and delete your personal data. You also have the right to object to the processing of your personal data and the right to data transfer. You can exercise these rights by sending us an e-mail at info@nevi.nl. To prevent abuse, we may request that you identify yourself adequately. Where access to personal data linked to a cookie is concerned, we ask that you send us a copy of the relevant cookie. You can find this in your browser's settings.

5. Blocking and deleting cookies

You can easily block and delete cookies yourself at all times through your internet browser. You can also set your internet browser to send you a message when a cookie is placed, and you can choose not to allow certain cookies to be placed. To find out more about this option, use your browser's help function. If you delete the cookies in your browser, this may have consequences for the ease of use of this website.

Some tracking cookies are placed by third parties who display advertisements to you via our website. You can delete these cookies centrally via www.youronlinechoices.eu.

However, do be aware that if you do not want or allow cookies, we can no longer guarantee that all parts of our website will function effectively. This will have an effect on your user experience. It is possible that some functions may disappear from the website, or you may find that you are

unable to visit part or all of the website. In addition, refusing cookies does not mean that you will no longer see any advertisements at all. Instead, the advertisements will no longer be tailored to your interests and may therefore be repeated more often.

The various browsers all have different methods for changing your settings. If necessary, consult your browser's help function, or click on one of the icons below to go directly to your browser's manual.

- Firefox:

6. New developments and unforeseen cookies

Ongoing developments mean that our website texts may be adjusted at any moment. This also applies to our cookie statement. Therefore, please read this statement regularly to keep up to date on any changes.
In our blog articles, we may make use of content that is hosted on other sites and is accessed on www.nevi.nl by means of certain codes (embedded content). Examples include YouTube videos. These codes often make use of cookies. However, we have no control over what these third parties do with their cookies.

It is also possible for cookies to be placed by others via our website without us always being aware of this. If you encounter unexpected cookies on our website that are not listed in our overview, let us know via privacy@nevi.nl. You can also contact the third party directly and ask which cookies they place, what the reason is, what the cookie's lifespan is, and how they safeguard your privacy.

7. Final comments

We will need to amend this statement from time to time, for example after making changes to our website or if the rules concerning cookies change. You can consult this web page for the latest version. If you have any questions and/or comments, please contact us at privacy@nevi.nl.
